President's Corner

By Ron Mott

Dear Ozark Members,

Please find enclosed (page 4) a ballot of 2006 officer candidates. There are no contested positions this year so the enclosed ballot represents your slate of elected officers for 2006 unless you wish to suggest a write-in candidate for any or all positions. Directions for its use are as follows:

If you like what you see...

IF YOU AGREE that these officers are those that you want to represent you then DO NOT SEND IN THIS BALLOT! With no contested positions, unless we hear from you then what you see here is what you get.

If you wish to vote for someone else in any or all positions...

Write in your candidate(s) and mail them to Mike Kennedy (address on ballot).

Your write-in votes will be included in the count if received by any officer on or before November 15th. Thanks again for your active participation and feedback in 2005. It has been an outstanding year and with your continued help, your officers will continue to work hard

to ensure that 2006 is even better.

Editor's Note

By Michael Kennedy

This month the big news is all about the club's elections for the 2006 board of directors! The nominations are in, and the candidates are on the ballot. However, if you are interested in becoming a board member, this and help lead the club into the future! See page 2 for the ballot.

Now we'll take a trip into the recent past. September of this year to be more accurate. We have an article and pictures from the Wine Fest fun run to the Wiederkehr Village in Altus, Arkansas.

Thanks to Rick Daes for the article and David Cloud for the pictures!

We have also picked up a new sponsor/advertiser, Wilhelmy-IT. If you read Panorama much, you'll no doubt recognize their ad. Look for an article on just who these guys and gals are in an upcoming Ozark Injector.

Wiederkehr Wine Fest Fun Run

By Rick Daes

On Saturday September 24th a group of us met in the morning under questionable weather conditions. Hurricane Rita was expected to arrive late that afternoon. Some members had canceled because of that reason. Then there were those of us who thought the window of opportunity was big enough that we could go to Altus and meet with the Cimmeron group out of Tulsa and Fayetteville. By 8:30 we were heading West on Hwy.10, windows down but tops up, the temperature was cool and the clouds were hanging low.

Once out of Pulaski county there was very little traffic. We met our first sheriff patrol between Perry and Ola. One member, armed with his radar detector, flashed the lead car to alert them of the up and coming rolling speed trap. Like in the movie Gumball Rally, when the group met the oncoming officer everyone was well below the speed limit. How disappointing it must have been for this county mountie to have his daily quota lined up in a single file but not having probable cause for even a routine check. Continued on Page 2

The Ozark bunch lines up before the Wine Fest fun run

One can get a real appreciation of the country life while taking in the breath-taking aroma of freshly cut hay and the application of liquid animal fertilizer. Even rolling up one's windows didn't spare us the odor. The only thing that seemed to work was for the lead car to speed up and allow the group to rapidly depart from the Green Acres experience of Yell County.

Our editor thinks of "swapping" his 'Vette for a 993 Turbo look Carrera

Upon arriving at the Wiederkehr Winery at noon, we were directed to our own private parking area in the grass, away from the gravel parking lot, where we were greeted by Jim Mhoon. Jim lives in Fayetteville and helped organize the fun run with the Cimmeron group. He passed out envelopes containing 30% food discount coupons for the restaurant and food vendors. A quick count of Porsches yielded about 20 among some of the members who drove their Corvettes or Mercedes.

Porsches lined up on the lawn at Wiederkehr Village for Wine Fest 2005

Around 2:30 with skies looking more like Rita had arrived in our great state, the group decided to stop in New Blaine for dessert. Once again, living up to his nickname of "Wrong Way Daes" the lead car turned left and took the group about a mile in the wrong direction. The promise of home made pies must have left some members wondering if the person who told them about it could tell the difference from home made and store bought since he was having

trouble determining left from right. All was forgiven once the group had arrived at the Dinner Bucket and tasted those wonderful home made desserts. I must say, the coconut cream pie was still warm as if it had just been recently removed from the oven. Once the group got back on the road it was decided to save time and beat the rain so "Wrong Way" took the right way and led the group to I-40 at Pottsville so everyone could get home sooner.

A Good Time was had by All.

Rick "Wrong Way" Daes and a Cimmeron Region member at Wine Fest

Contributing Stories

By Michael Kennedy

If you have a Porsche related, automotive related or just plain fun story to share, or would like to contribute a technical article, they can be emailed (in MS Word or .txt file format) to OzarkPCAactivities@comcast.net and I will edit them into the newsletter. Deadline for all submissions will be the 15th of each month for the next month's newsletter. Any pictures you wish to send along are not only welcome, **but highly encouraged!** We all love to see club members and their cars doing what we all love to do!

November Porsche of the Month

The November 2005 Porsche(s) of the month belong to Robert and JoAnne Trinkle who own not just one 356, but twins! Ok, so they aren't "identical" twins, but they are close enough! Congratulations Robert and JoAnne!

Robert and JoAnne's 1958 356 A Coupe, "Günter"

Robert enjoying the shade with their 1955 356 Speedster, "Gretchen"

This is what JoAnne has to say about their twins:

First there is Günter, He is our 1958 A Coupe that we bought to replace Helga, our 1965 C Coupe that we sold back to her original owner 40 years after he first purchased her in Germany. Of all the Porsche's we have had over the years this is by far Robert's favorite and he plans to keep it for a very long time. Günter has been totally restored to a "mild" Outlaw. First the engine was completely rebuilt by Duane Spencer a renowned engine builder using all the Shasta goodies that he developed. The car was then restored by another well know 356 guru in Southern California, John Willhott. They say Günter is painted Ivory, but it is more of a Buttercream color than the Porsche Factory Ivory from the 1950's. It has a full red leather interior. Robert has already added Marschal Driving lights and has a few more goodies planned.

Next we have our newest addition, Gretchen. She is a 1955 Speedster. Gretchen sort of just fell into our laps after we gave up looking for a Speedster of our own. This past September, while we were in California to deliver Bad Max (our ex Pre-A coupe) to his new owner, we received an unexpected phone call from a friend in upstate New York telling us that she had decided to sell her Speedster. We told her a while back that if she ever wanted to sell the

Speedster please give us a call first. Well..... she called, we jumped, and the Speedster is now ours. Never thought it would happen, but it did. ☺ Gretchen was restored 5 years ago to original condition. She is Ivory with a tan interior. She doesn't even have a fuel gauge (until 1956 you had to check the gasoline levels in your tank with a flashlight or a stick!!), sort of prehistoric, but we love it!!!! It was a Speedster that Robert saw when he was just 7 years old that started his Passion for Porsche's. I'm so very happy that he finally owns one after all these years.

**JOIN THE FUN
AT THE OZARK REGION'S
HOT SPRINGS BREAKFAST CLUB 2005**

**On SATURDAY
NOVEMBER 12th**

9:30am

**HOT SPRINGS COUNTRY CLUB
101 Country Club Drive (just off of
Malvern Ave)**

For those of you coming up from Little Rock, a caravan meets at 7:45am and leaves from Christ the King Church in West LR at 8:00am SHARP and tours to Hot Springs. Or you can drive up on your own at your preferred pace ☺
